Skill Areas

Rapid Prototyping: Systems / Mechanics

CS Fundamentals

Team Comm. & Problem-Solving

Programming & Visual Scripting

Education

Game Design

Tech Specialization

Futuregames Stockholm

2024 - 2026

GD 24' Class Rep

Student Union 25' Board

B.S. Computer Science

Sim & Game Prog.

Oregon State University

2020 - 2024

Experience

TECHNICAL LEVEL DESIGN INTERN

MachineGames (Uppsala, SE)

Mar 2026 - Present

Designed level layouts and scripted interactive map logic within a proprietary AAA pipeline (Motor Engine) as part of the level design team.

BEYOND SKYRIM: ROSCREA MOD TEAM

Quest Implementation

Sep 2025 - Present

Implementing quest using Skyrim CK and Papryus within a team of all disciplines.

GAMEPLAY DESIGN INTERN

Inorganic Games (Remote)

Dec 2023 - Apr 2024

Prototyped and implemented player abilities in Unity C# for a WebGL and Mobile game, Writhe. (<https://superjack08.itch.io/writhe>)

PRODUCT VALIDATION ENGINEER INTERN

Daimler Truck North America (Portland, OR)

Apr 2023 - Sep 2023

Worked with a team of engineers to produce Python scripts to analyze ADAS features on company-developed trucks.

Selected Projects

STEINWOLF FPS PROTOTYPE

- FPS Controller & Animations
- AI Behavior & Implementation
- Combat Systems

<https://www.rileyelwell.com/fps-project.html>

SUBOPTIMAL • 2025

- Multiplayer Architecture & Replication
- Prototyping Mechanics/Systems
- State Management (Blueprints)

<https://www.rileyelwell.com/suboptimal.html>

SQUIRREL BROS • 2024

- Character Controller
- Puzzle Systems

<https://www.rileyelwell.com/squirrel-bros.html>
